Jeroen Roels

SENIOR TECHNOLOGY CONSULTANT

Profile

I'm a senior technical consultant with a passion for the newest technologies. I use this passion to gain experience in various areas, such as SAPUI5/OpenUI5, SAP Cloud Platform, CPI, CAP, ReactJS, full-stack developments, ...

Software engineering is my day-to-day task which is not only about writing code but about analyzing problems and translating complicated business processes into user-friendly applications. To help people, customers, partners enjoying their day-to-day tasks as much as I enjoy mine.
